The loan is repaid in equal monthly installments of principal and interest beginning with the month following expiration of the 6-month grace period. Unless the recipient contacts Kaiser Permanente Student Financial Aid Department before the end of the 6-month grace period it is agreed upon in writing that the loan can be prepaid without penalty or repaid over a shorter period, the period of time required to repay the loan will depend upon the total amount owed to Lender on this loan and all other loans the Lender has made to the recipient; provided, the recipient has not become an employee of the Lender or Lender-affiliate entity within the 6-month grace period.

If the total amount owed is:

- | | |

To the extent allowed by law, the Lender will charge a late fee if the scheduled installment payment is not received within 10 days after it is due. The charge for any single late installment will be \$10.00.

Right to Accelerate:

Lender may, at its sole discretion, accelerate the date for payment of the loan and any other amounts owed by Borrower under this Agreement or the Note and demand immediate and full payment thereof if:

1. Borrower fails to make any payment required under the Note or this Agreement, including, without limitation, any monthly payment described in Section 3 above
2. Borrower fails to comply with any Satisfactory Academic and Clinical Progress requirement described in the Addendum
3. Borrower ceases to be enrolled in a Qualifying course of Study

Default:

If any one or more of the following events occur, the loan is considered in default:

Declaring these amounts immediately due and payable is at the option of the Lender, which it may do only after complying with applicable notice and other requirements of law. A decision by the Lender not to exercise this option does not constitute a waiver of the Lender's right to exercise the option at a later date.
